Return Authorization Form

Save Print

Please complete and print this Return Authorization form. Include the completed form with your shipment.

Repair tracking # (for WC use):

Name: _____ **Phone:** _____

Shipping Address: _____ **Email:** _____

_____

_____

_____

_____

Requested return date: _____

Serial Number	Reason for return

Comments:

International returns MUST specify clearly on the shipping paperwork that the contents are ***"Made in the U.S.A. Returning to manufacturer for evaluation/repair."*** This information will minimize any possible customs issues or delays. The tariff (harmonized) code number to use for tags being returned is 9801.10.0000.

If you know any specific customs requirements for returning the repaired tags to you, please be sure to notify us in advance. This may include specific verbiage required on a package or whether we should use a specific courier or broker for the return shipment.

We recommend carriers such as UPS, FedEx, or DHL, and suggest forwarding the tracking number to us by email. The tags should be carefully packaged, insured, and shipped to:
